Notice of Annual General Meeting

The Annual General Meeting of the Atherton Aero Club will be held on

Sunday 7th April 2019, Commencing 10.30am

At the Atherton Aero Club Facility, Atherton Aerodrome

Notices of Motion & Nominations for Election to the Committee can be completed on the attached Nomination forms and emailed to the secretary prior to the AGM. This also includes Proxy forms. Nominations will also be accepted from the floor when called at the AGM.

Only Financial Members are eligible to be elected to the committee and must be proposed and seconded by financial members.

Only financial members are eligible to vote on any motions or resolutions.

Regards,

Ian Graham,

President,

Atherton Aero Club

PRESIDENTS REPORT

Dear Members,

Just a short Presidents Report.

This years AGM has been put back to the 7th APRIL due to the majority of the present Office Bearers being away in March.

There hasn't been much flying lately due to the weather, but a few of us have been out between rain events.

I would like to remind Members to show courtesy when AG or Training Ops are in progress, they don't always use the runway the windsock is indicating, or use the radio much as time is money.

The Third Sunday Club BBQ will be on the 17th February at 10.30 am, look forward to seeing you all there.

Cheers from

Ian Graham,

President,

Atherton Aero Club.

EDITOR'S NOTE - by Bill Gronbeck

Hi All,

What happened to the October, November, December Edition I hear you ask? Well things were moving so fast we decided to skip them and jump straight to January so Happy New Year to all our northern flyers.

A big thank you to Tracey, Jon and those others who contributed photos and articles for this edition of the newsletter. In this issue, coming events and a mix of stories and other happenings in the far north

Please contact me with your newsletter contributions on any of the following: (07) 4036 2868 or 0408 073 142 or by email at - billgron@bigpond.com

Watch the AAC's Facebook Page and the FNQ Flyers Web Page for details of calendar changes and other short notice events. Check out the AAC Website for the YATN weather-cam and older club newsletters.

Remember to check out the *Interesting Links* on Page 23.

2019 OFF TO A FLYING START

Just a few days into the new year (before the heavy rains later in January) and our Tableland flyers are making the most of the sunshine. Not sure if the first cab off the rank was Tracey Hayes or Jon Collins. Some happy snaps of their activities:

NEWSLETTER 110 – JANUARY 2019

2019 – Countdown starts to the Great Air Race

Pipistrel releases a NEW MODEL just for the Great Air Race – The Pipistrel “ADVENTURER”

Countdown has started to this year’s Great Air Race (GAR) from London to Australia

2019 marks 100 years since the remarkable and ground-breaking first successful flight from England to Australia.

The GAR presents a unique and major opportunity to commemorate the centenary of the first international flight from the United Kingdom to Australia – a historic event, significant to the global aviation, communication and travel industries.

Parallel to the innovative and adventurous nature of the Great Air Race in 1919 it is proposed that the commemoration of Centenary will be equally inventive and pioneering.

The Great Air Race was embraced by all Australians and the World as the first major international feat of significance following the dark days of WW1.

Great Air Race 2019 - Route

An indicative race route with proposed stopovers is listed below.

Proposed Race stops for major media, sponsor, tourism and hospitality activations.

Full details of the 2019 Great Air Race and Pipistrel’s special edition “Adventurer” aircraft can be found on the links below—ED

Contact Michael Coates info@pipistrel-usa.com immediately for more information about the Pipistrel Adventu and the Great Air Race 2019.

Also look at <https://www.greatairrace.com.au/>

We need your assistance!

As you are all probably aware, the weather station and camera mounted to the Atherton Aero Club building is old and malfunctioning! This weather data and camera is an important safety feature for Atherton Aerodrome and most of us have used it in the past.

We require your assistance in raising the necessary funds to fund a replacement. We are asking all pilots who have used the information from the weather station and camera in the past and would like to use this facility in the future to please make a small donation towards its replacement. Any amount will do! We would like to raise up to \$1,000 so please help us! Thanks to Alf Horne for starting the donations with \$50.

If you would like to make a small donation, please use our bank details below!

Thanking you all in advance,

Atherton Aero Club Committee

Bank details: Atherton Aero Club BSB 633 000 Account 114331796

CORPORATE SPONSORSHIP OFFER

The Atherton Aero Club is a friendly group of enthusiast builders and flyers of aircraft, flying everything from micro-lights to general aviation.

With help from our sponsors and a government grant, the Club was able to build our planned club facility at the aerodrome, to serve our growing member base, as well as assist the Royal Flying Doctor Service and Queensland Ambulance Service with patient transfers. Emergency vehicles will now be able to park and wait in the shade for patient transfers. More funds are required to complete this project!

The facility has become a focal point for the many local and visiting aviators to Atherton Aerodrome. It is now a place for our monthly meetings and BBQ, our monthly Pizza and Movie night as well as information sessions, technical and safety workshops and social gatherings.

The Atherton Aero Club would love your support, and is now offering you the chance to become a **Corporate Sponsor** for **\$200** per 12 months. All funds raised will be put towards finishing off the facility as well as maintaining the facility.

Corporate Sponsors will benefit for 12 months from:

Social membership for the nominated family

Invitations to open days and other social gatherings

Formal acknowledgement at club functions and special events e.g. presentations

Recognition and advertising on the Sponsors Board

Advertising in the regular newsletter

Periodic postings on our Facebook page

Presence on our website

Preferential business treatment by club members

To become a **Corporate Sponsor**, simply complete the enclosed form and send or email it to the address below.

If you have any queries, please contact our Sponsor Coordinator Mr Jon Collins on 0438 634411.

Thank you in anticipation of your support!

The Atherton Aero Club Committee

CORPORATE SPONSORSHIP OFFER

THE WORLDS BIGGEST WINDVANE?

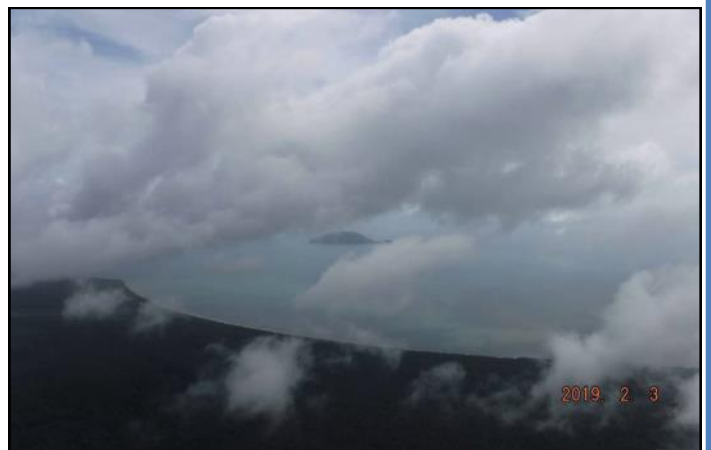

<https://grab.orsm.net/update20180913/never-seen-a-wind-vane-like-this-before.>

WET SEASON FLYING AT DEERAL

Due to the flood water in my shed where I keep the Drifter, I had to move the Drifter to higher ground here at the house, where it's been tied down for the best part of last week...This morning the rain stopped long enough for me to go flying and to simply say I enjoyed it is an understatement...IT WAS FANTASTIC!!!...The Drifter is now back in it's shed but the rain is not finished so I don't know for how long.

Regards, Frank Arri.

Preliminary works have started on the Mareeba runway upgrade.

STAGE 1 commenced Monday the 7th January and is planned to end Friday the 22nd February. This stage involves the construction of parallel taxiways and a small reduction in runway length (Duration 47 days).

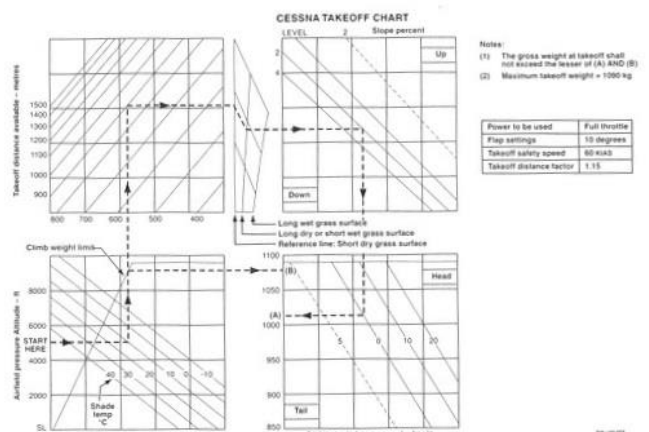

STAGE 2 is scheduled to commence Monday the 25th February and end Friday the 3rd May (Duration 68 days). Runway 10/28 reduced length, **755M western end not available**.

STAGE 3 is scheduled to commence Monday the 6th May and end Friday the 19th July (Duration 75 days). Runway 10/28 reduced length, **755M eastern end not available**.

STAGE 4 & 5 Full runway length available, taxiway and other works. Scheduled to finish 26th August.

See *MOWP YMBA/19/1 – Aerodrome Upgrade Works for full details*

Maybe a good time to review your aircraft's Take-Off and Landing Charts and to practise a few Short Take Offs and Landings.

Our next **BBQ** will take place on **Sunday the 17th of February 2019** commencing 10:30 am.

Venue: The Club's **STORAGE FACILITY**, Atherton Airport.

Visitors welcome. See you there.

And don't forget, our regular first Friday of the month

Movie & Pizza Night at the Club's Atherton Facility.

NOTICE

The **Atherton Aero Club** is now an ASIC Issuing Agent for **Aviation ID Australia**.

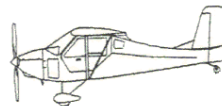

Those seeking the issue or renewal of an Aviation Security Identification Card (ASIC) should apply directly to **Aviation ID Australia** via the following link:

<https://aviationidaustralia.net.au/application.html>

Once the ASIC card has been approved the applicant will be advised and the required “face-to-face” identity check carried out locally by an Atherton Aero Club representative. On the satisfactory completion of the identity check the local agent will hand over the ASIC card to the applicant.

AIRCRAFT FOR SALE AND WANTED

If you have, or know of, an aircraft for sale please contact me directly by telephone or email with full details. The AAC offers free advertising in the club newsletter as a service to local flyers. Direct emailing of your advert to aviators on the club mailing list is available should your advert be received after the publication cut-off date. *Bill Gronbeck, EDITOR.*

NORTH QUEENSLAND AERO CLUB NEWS & EVENTS

Aero club flying high

BY JOSEPH BARCLAY

THE North Queensland Aero Club have added to their stellar reputation after they were recently awarded Aero Club of the Year.

The nation-wide award, which is courtesy of the Australian Division of the Royal Aeronautical Society in conjunction with the Australian Flying Magazine, judge candidates across a variety of extensive criteria including standards of safety, contribution to the industry's growth, innovative value to the industry among others.

The North Queensland Aero Club were presented their award last Friday night, with club patrons and key members of the aviation industry in attendance to celebrate the historic milestone for the storied club.

North Queensland Aero Club President Bill Owen said to be awarded Aero Club of the Year is a fantastic accolade.

"This is the first time we've won it, and not only is it great for the club, but also for Mareeba and the Tablelands, as it puts the region on the map as far as flying training and aero clubs are concerned," he said.

"Winning this award wasn't something we initially expected – it was when we sat down and started writing our responses to the selection criteria that we knew we were in with a good shot."

Mr Owen said he believes a

major reason behind the club winning the award was due to the major changes they have seen in recent years.

"I think our successful relocation from Cairns to Mareeba really stood out to those who were judging this award," he said.

"There were a lot of innovative practices we had to adopt to coincide with the move, which I believe boded well for us throughout the judging process."

Mr Owen also took time to thank integral members of the NQ Aero Club team.

"Firstly I would like to thank a current patron Ray Fry, who has been with the club for over 30 years; whenever the place isn't going well, he has always come along with his hand in his pocket and helped the club immensely," he said.

"Secondly I would like to acknowledge Chief Flying Instructor Sally Scott, she has been with the club for the better part of two decades. She's an unbelievably dedicated employee and her commitment to the club is second to none.

"Stalwarts such as Ray and Sally are big reasons as to why this club is as successful as it is."

President-Elect of the Australian Division of the Royal Aeronautical Society Mark Skidmore was in Mareeba to present the NQ Aero Club with the award last Friday, and his appreciation for the foundations in place at the

NQ Aero Club member Ray Fry, Chief Flying Instructor Sally Scott accepts the Aero Club of the Year award from Mark Skidmore, President of the Royal Aeronautical Society Australian Division.

club was apparent.

"Ultimately what it comes down to is that they have a great group of members and employees and it's a very well-run organisation," he said.

"They have a fantastic Chief Pilot and when you couple that with the strong membership numbers they boast, the NQ Aero Club are a great example of what

an aero club is capable of. "It would be fantastic if we could model what they have and implement it across Australia."

Throughout the presentation, there weren't too many people who received more praise than the club's Chief Pilot and Chief Flying Instructor Sally Scott.

Ms Scott said the appreciation and respect she is given from fel-

low colleagues and members of the aviation industry is very flattering.

"It means a lot," she said.

"I wouldn't be here if it wasn't for the people who came before me – I am always provided great support and this club is like my second home.

Ms Scott said winning the award is a huge pat on the back

for the club.

"It's very hard running a not-for-profit organisation like an aero club, especially in a difficult aviation environment and there's a lot of hard work that goes into keeping it successful," she said.

"So to see that it has paid off in the form of Aero Club of the Year is fantastic."

The North Queensland Aero Club is the very proud recipient of the 2018 Aero Club Of the Year. The award was presented by the President of the Royal Aeronautical Society Australia Division, Mark Skidmore. This award is the culmination of a lot of hard work by key staff and members.

The presentation ceremony took place on Friday the 18th of January at NQAC's Mareeba Base in front of an appreciative audience of club members and guests.

Below: Club President Bill Owen looks on as Mark Skidmore presents the award to CFI Sally Scott and Club Patron Ray Fry.
